

Long Legal Action Ends Town is Pleased

The town has for some years been involved in two legal actions, with two separate developers: St. Albert Development Ltd. and Engineered Homes Ltd.

Last week-end the negotiating committee, consisting of Mayor Fowler and Councillor deBruijn reached an agreement with St. Albert Development Ltd.

In 1964 a legal action was started by St. Albert Development Ltd. who were claiming some three hundred and thirty thousand dollars and a counter claim by the town for seventy-nine thousand dollars.

The main basis of the agreement reached are the following: The amount of ground dedicated for public reserve in the Grandin

subdivision is to be settled by independent and binding arbitration.

The town will convey a portion of land to the west of Grandin Shoppers Park to St. Albert Development Limited. Any difference in area between the public reserve ground as arbitrated and this portion west of the shopping centre will be paid for by St. Albert Development at fair market value as evaluated by independent appraisers.

St. Albert Development will pay back taxes of \$62,254. \$12,500 of this amount will be paid by July 1, 1968 and the balance of \$49,754 in three equal installments on the first of July 1969, 1970 and 1971.

The town will retain title to nine lots, scattered through residential Grandin, free of all claims by St. Albert Development Ltd.

Each party is to bear its own legal costs.

There was much satisfaction at the settlement in Town Hall. The amount of research required by staff to keep the lawyers supplied with information over the last three years has been very considerable and of course, very time consuming.

In the action pending between the Town and Engineered Homes Ltd. the town is being sued for approximately half a million dollars. This action is set for trial in June of this year.

Well-wishers reach out to grasp the hand of Prime Minister Trudeau as he leaves city hall Sunday afternoon.
Gazette Photo

Board Still Looks for Budget Cuts

The St. Albert Protestant Separate School Board held their regular meeting on Thursday, May 2. Present were chairman, R. Harvey, Dr. Cuts, Messrs. Wiltshire, Schroder and Penrose.

There was considerable discussion on the budget and efforts once again to reduce expenditures. Some of the board members felt the pupil-teacher ratio 17.4 was much too low and on the grounds of economy this ratio must be increased. It was pointed out during this discussion that the Provincial teacher-student ratio

Cantelon Addresses Guides

The Reverend Hart Cantelon, minister of Central United Church, Edmonton, and student counsellor at N.A.I.T., was featured speaker at the 2nd annual mother and daughter banquet of the St. Albert local association of Canadian Girl Guides Grandin district. The banquet, held at the Roman Catholic parish hall, May 8, was attended by 245 persons. Head table guests included The Reverend H. Cantelon; The Reverend W. Jarvis, representing the St. Albert Ministerial Association; His Worship Mayor R.S. Fowler, Mrs. P. Sandomirsky, division commissioner and her daughter Martha; commissioner Al Genereux, representing the Landing Trail Boy Scout District; Mrs. L. Parry, vice-chairman local association and her daughter Cathy; Mrs. E. Brostrom, commissioner MacKenzie district and her daughter Yvonne; Mrs. A. Brunner, commissioner Grandin district and banquet chairman and her daughter Denise.

Cont'd Page 2

Liberals Choose Miller - Edmonton West

TEVIE MILLER
LIBERAL

Tevie Miller was nominated to contest the election for the Liberal party in Edmonton West. Upwards of 500 persons were on hand for the meeting held in Westglan High School.

Mr. Miller, 40, is a senior member of the firm of Miller, Miller, Witten, Pekarsky, Vogel and Pollock. He is married with three children. He is vice-president of the Edmonton Symphony Society, on the board of governors of Alberta College, a director of the Banff school of advanced management and a member of the council of Edmonton chapter, Christians and Jews.

Mr. Miller has a long and active record in community affairs and has served in executive capacity on a number of University organizations, the United Community Fund, the Bar Association, the YMCA, Men's Canadian Club, among others.

Slogan adopted for Mr.

Miller's campaign is "Get Involved". "Pierre Elliott Trudeau is the right man for the time in Canada today" he said in his speech to the meeting. "The challenge is here and now - the enthusiasm and energy to meet it is all around us - we have the right man for a leader" said Mr. Miller, and went on to name sixteen major policies which he stands for. These included recognition of the present government of China, a strong Federal system, the same status for all provinces, completion of the Yellowhead highway, tax incentives for private industry to develop the north country and reform of the Senate.

MARCEL LAMBERT
CONSERVATIVE

Mr. Marcel Lambert was unopposed last week when he received the Progressive Conservative nomination for Edmonton West. Mr. Lambert is seeking his fifth term of office.

Semester System Implemented by St. Albert S.D. No. 3

Commencing September 1, 1968, St. Albert High School will operate under a semester system.

About a year ago the school administration began examining the question of semestering with a view to introducing it into the district. The plan was approved at the May 9th board meeting.

Under the semester system a student takes three or four subjects for five months, rather than seven or eight subjects for 10 months. Each subject gets the same time allotment. A student would take a course for 80 minutes each day for five months under this system, compared to 40

minutes daily for 10 months under the former system. Examinations are held at the end of January, and for the second semester at the end of June.

About one-third of the high schools in Alberta are now semestering and it appears that about one-half will use this system of organization by September 1968.

A number of advantages commonly cited are:

1. Since a student is taking only half as many subjects as in the traditional ten month year, studying is easier. This does not mean that less work is required.

2. Longer periods permit greater studies in depth.

3. Longer periods facilitate the inquiry approach to education.

4. It is possible for a Grade 12 student who has failed a subject in Grade 11 to take this subject in the first semester and then take the sequent Grade 12 subject in the second semester.

5. Students work harder when a goal is a half year away rather than a whole.

6. In every year there are a number of students who get into difficulties in their school work due to lack of effort, absences, illness, or other causes. The semester system gives these students

Left to right: Mrs. L. Parry, Cathy Parry, Mrs. D. Sandomirsky, Martha Sandomirsky, The Rev. Hart Cantelon, Mrs. A. Brunner, Denise Brunner, Mayor Fowler, Mrs. E. Brostrom, Yvonne Brostrom, The Rev. W. Jarvis, Rev. Cantelon was guest speaker at the Mother and Daughter banquet last Wednesday.

Addresses Guides

CONTINUED FROM PAGE 1

Lois Peacock, St. Albert Sea Ranger, replied to the speaker, Cindy Smith, 4th St. Albert Brownies, gave the toast to the Queen. The toast to the mothers was proposed by Heather Sturgess, 5th St. Albert Brownies. Mrs. P. Shelemy gave the toast to the daughters and the toast to the Guilders was proposed by Janice Jobe of the 2nd Guide Company. The Reverend W. Jarvis gave the invocation and Mrs. P. Sandomirsky and Mr. A.

Genereux brought greeting from their districts.

Leaders of the Grandin Guide district are: Mrs. M. Smith, Mrs. L. York and Mrs. M. Doepel, 4th Brownies; Mrs. J. Leggett, Mrs. J. Webber and Mrs. MacRory 5th Brownies; Mrs. E. Suter, Mrs. E. Besse and Mrs. Dyke, 6th Brownies; Mrs. R. Yeates and Mrs. D. Jobe, 2nd Guides; Mrs. J. Jarvis, Mrs. P. Coward, Mrs. P. Humbert and Miss Dorothy Humbert, 4th Guides.

Conrad Senuk is presented with the Tony Vandergaag Memorial trophy by Mrs. D. Vandergaag and Neil Ross.

Semester System

Cont'd from Page 1

a chance to start afresh in the middle of the year.

7. People who need one or two subjects only to secure a diploma need attend for five months rather than ten.

8. Some universities are now semesterizing, thus fitting in nicely with high schools under the same system.

Additional information will be mailed to parents in the very near future.

I would like to comment on the act to amend the Horned Cattle Purchase Act Bill No. 30. The new amendment lowers the weight of cattle now affected by the Bill to a weight of 250 lbs. The Hon. member from Banff-Cochrane, Mr. Copithorne, and myself opposed this Bill to the bitter end. We wanted this Bill dropped for a period of two years, such as they did in the province of Manitoba this year. Today we have been successful in eliminating about 86% of the horns on cattle. In other words, approximately 14% of cattle marketed still have horns. On this Act I want to make myself clear. I strongly support any move which is going to help control the horns on cattle; however, I felt we should hold this program in abeyance for two years, then if the percentage of horned cattle increases, come back with a \$5 penalty instead of a \$2 one. We were defeated in this move, so now we face a penalty on all cattle with horns if they weigh over 250 lbs. Perhaps I should outline that this fund is used to help those in agriculture in such programs as A.I. Lab. at Olds, grants to veterinary students, performance testing, and grants to Alberta Beef Cattle Performance Association (Progeny Test). In other words, the revenue from this act does not go into General Revenue of the province. Some amendments are coming in to the act which provide for the licens-

Around Town

Business was good at the St. Albert Craft Guild sponsored auction sale, held at Molson's House, May 11. Some 200 persons attended the sale, proceeds of which were in aid of the guild's children's classes. An exhibit of children's ceramics was featured at the sale and those in attendance were reported to be enthralled and highly impressed with the work being done in the children's classes.

Members of the St. Albert chapter, Beta Sigma Phi, along with all Edmonton chapters honored their mothers at luncheon at the Derrick Club, May 11. The sorority will hold its final meeting of the season May 22, at the deLucas residence. Pat Tjelum will present the program.

The W.I. is presently collecting used school texts and other books to be donated to residents of the Inuvik area. Donations may be taken to the Moore residence 116 Grosvenor or the Dollman home at 18 Sturgeon Road. W.I. members please bring books to the next meeting.

ing of Landmen. These clarifications make it plain that there is no objection to a farmer obtaining advice from his neighbors, friends or the F.U.A. etc. There has been some misrepresentation of this Bill in some newspapers, however a trial period of one year may give us some valuable experience in this regard. As I have just received the School Foundation Program Fund estimates for 1968 I am pleased to outline these at this time.

Sturgeon - 1967 - actual funds \$1,108,262. Estimate 1968 - \$1,140,588.

Westlock - 1967 - actual funds \$1,471,369. Estimate 1968 - \$1,525,197.

Thibault - 1967 - actual funds \$229,212. Estimate - 1968 - \$254,181.

St. Albert, Public - 1967 - actual funds \$771,894. 1968 estimate \$852,170.

St. Albert, Protestant Separate - 1967 - actual funds \$1,005,910. Estimates - 1968 \$1,211,734.

Legal - 1967 - actual funds \$189,125. 1968 Estimate - \$196,631.

In bringing my reports to a close for this session, may I first thank this newspaper for the space they have contributed for my articles, and secondly thank my constituents for their representation on the many items of concern.

Rodeo time is almost here and the St. Albert Kinettes at their recent meeting made plans to operate a gambling booth at the rodeo.

There are 180 boys playing in the St. Albert Little Canadian League baseball games now underway every Monday and Wednesday evening. More umpires are badly needed. If you can help, please phone Jack Garrett at 599-6856.

The St. Albert Lions Club is presently collecting used eye glasses to be distributed to needy people in Chile. Donations will be gratefully accepted. Glasses may be left with any Lions member or telephone 599-8470.

15 members of the St. Albert Lions Club journeyed to Red Deer this week to meet with the Red Deer Lions as part of the current year's visitation program.

On the Teen Scene

Yvonne Gibeau was crowned Prom Queen at the St. Albert High's spring prom last Friday evening. Among Yvonne's gifts were a crown, cape and flowers, gift certificates from Royal Shoes, Hutchings Shoes, Bill's Record Bar, Grandin Beauty Salon and Viking Studios, a hair brush from Rae's Beauty Salon, jewelry from Lefebvre's and perfumed soaps from St. Albert Drugs. The Hunkings from Morinville won the draw for \$25.00.

S.A.H.S. girls interested in applying for the Hudsons Bay "Teen Council", details are on the bulletin board around the corner from room 9.

Lorraine McCaffery and Bernice Parsons, St. Albert High, attended the workshop held at the University of Alberta, May 9, 10, 11 and 12, for Grade 11 girls considering a career in physical education.

Paul Kane and S.A.H.S. will do battle in the elimination track and field meet, Tuesday, May 21. Sign up now! The north central meet is Saturday, May 25.

Golfers, practise your putting and driving now. The north central tournament is coming up next month.

Guess whose family got food poisoning after he prepared dinner on Mothers Day?

A number of S.A.H.S. and Paul Kane students attended "Bye Bye Birdie" at the Students Union theatre last week.

Paul Kane students will be asked to vote on a new Students Union constitution next week. If accepted, the new constitution will completely revamp the present form of Students Union and give the various committees much more freedom. A speaker will be appointed, allowing the president to take a much more active part in the policy making.

Another blow was struck against the myth "Women are the weaker sex" lately in St. Albert. Mrs. Peregoodoff on Gordon Crescent discovered an unidentified object on the top of her car port. She called Mat Gibbon from next door over and he said it was a bat and his science teacher would be interested. So Mat phoned his teacher (this was after four) and after a while he and Mrs. McQueen, also on staff, and another chap came over. They got hold of a step ladder and heavy gloves and low and behold it was Mrs. McQueen who climbed the ladder, grabbed the bat and put it in a cage! The brave men supervised this operation from the ground. The bat joined the science collection of snakes, frogs, etc., at the school for a day or two.

The Ladies Auxiliary of First St. Albert Cubs and Scouts will meet on Tuesday May 21st in the church basement at 8:30 p.m.

George Simpson Junior High girls are preparing for a fashion show to be held May 29.

The Fritzel Street Friends will be at Paul Kane this Friday from 8 - 12. No jeans, please.

The Gazette welcomes news from our junior and senior high schools. Pass along your news to Chris Soder and Elizabeth Bowen at Paul Kane, Rose Anne LeBlanc and Jan Donalds at S.A.H.S., and Kathryn Shepherd at George Simpson. This is your column, you are invited to use it.

Paul Kane's baseball team is challenging any and all local and district high school ball clubs to a grudge game. Any team prepared to take up this challenge may get in touch with Hans Zylstra at 599-8512 or Mr. McKinstrey at Paul Kane High School (Looks like Paul Kane is "cruisin for a bruisin" - how about it? We understand there are some pretty good ball players out Namoo way and in Morinville and Legal too).

People make News

A group of friends gathered at the home of Mr. Sam Hogg in Grandin Park last Saturday evening to help him celebrate his recent promotion and extend congratulations. Mr. Hogg who is with the Edmonton City Police has been promoted to a detective.

Mrs. C. T. Laycock of Bacaville, California, has been visiting with her mother, Mrs. Isabele MacMillan of Sturgeon Road, and other members of her family in St. Albert during the past two weeks.

Birth Announcement
Mr. and Mrs. Antoine Deschenes announce the birth of a son, Joseph Bernard on May 2nd, 1968.

Gazette Sports

Mayor Fowler in action at the opening of the tennis season, serves the first ball. After delivering a sizzling ace serve so rapidly that the cameraman wasn't prepared, he was asked for a repeat performance, and came up with one equally as good!

About 75 interested spectators saw a full program on Sunday, May 12 to open the 1968 tennis season in St. Albert. Emcee Floyd Maybee called on Mayor Fowler to open the program with a few words of greeting from the town. At this time the mayor announced the donation of a "Mayor's Cup" which will be inaugurated this year in the club tournament at the end of the season.

Mr. Lyl McCurdy, president of the Alberta Lawn Tennis Association officially welcomed the St. Albert Club into the association. Mayor Fowler then served the first ball - it was an ace serve much to the delight of the crowd.

Four senior men from the Royal Glenora Club gave a fast moving demonstration of singles and doubles play, holding the close attention of their audience. Following

Jelley-Wilson Cop Wins

Paul Jelley and Don Wilson win in Rocky Mountain House.

At a boxing card held in Rocky Mountain House on Saturday May 4 two boxers from the St. Albert Hercules Boxing Club made a very good showing. Don Wilson received a challenge for his provincial championship from Steve Ratray of Red Deer.

Don successfully defended his his championship by win-

ning a unanimous decision over Ratray.

Paul Jelley, also from the St. Albert Hercules, won a match from the highly rated Len White of the South Side Legion Boxing Club. This is a real good win for Paul as Len White has won most of the provincial championships available this winter, including the Silver Boy award here in St. Albert last February.

Cycling

Ten riders took part in the first Australian Pursuit event to be staged by Edmonton area cyclists. The event was staged on the highway between St. Albert and Morinville. The first group who started seven minutes ahead, had trouble keeping in a group. The second group didn't really get going for three or four miles but then they overtook group one. Only two riders, Karl Schneider of Victoria Club and St. Albert's Peter McCaffery of the Northern Wheelers started as the third group, four minutes behind group two. At the end of 17 miles the first group had broken up and Peter and Karl overtook the second group in the pursuit. Peter attacked and was contested by Karl and Brian Kendal of Edmonton.

In a surprising burst of speed in the last few minutes Kendal pulled ahead of the other two to finish first

with a time of 55:11 for the 22 miles. McCaffery followed with 55:12 and then Schneider with 55:13. Edmonton's Greg Yarkie placed fourth.

Next Sunday both Peter and Karl will participate in a 3-day Stage Race. The gruelling and exciting event is being sponsored by Cascade Builders who are offering prizes of \$1500.

A school boys race is being planned for Sunday at the St. Albert Trail.

Joka

The group's chairman had just given a glowing biographical sketch of the distinguished government official who had flown in from Ottawa for the annual dinner. With a flourish, he wound up his introduction by saying, "And now, gentlemen, you will hear the dope from Ottawa."

St. Albert

Recreation News

SWIMMING POOL

The swimming pool opens for the 1968 season on May 18. There will be public swimming on that day and on May 19 and 20 during the following hours:

May 18 and 20: 9:00 a.m. and 12 noon; 1 - 6 p.m. and 7 - 10:30 p.m., and on May 19 from 10:30 a.m. to 12 noon; 1 - 6 p.m., and 7 - 10:30 p.m. From May 21 the regular May - June schedule will be in operation.

Instructional classes are due to start May 21. See last week's Gazette for details or phone the department of parks and recreation at 599-6601. To register for lessons please call at the administration office of the department in the town hall.

Residents are again reminded that May 24 is the deadline for applying for family season tickets by special arrangement through the water and sewer billing.

BASEBALL

In the Lions League, the results of last week's games

this the four men mixed in and played with some of the senior members of the St. Albert Club.

The other major event of the day was a junior tournament. After a double elimination competition among boys 11-14 years, Danny Soprovich emerged as the winner.

were: Orioles 26, Twins 13, Angels 31 and White Sox 3.

The team standings in the league are:

Angels 6, Orioles 3, White Sox 3, Red Sox 2, Twins 0, Cardinals 0.

TENNIS

Because of continuing interest in the tennis instruction sponsored by the tennis club, two new student classes have been set up in addition to those previously announced. These classes are being held at 4:30 p.m., on Wednesdays and Thursdays. No new classes will be started until the present sessions are over.

A senior tournament will be held on Sunday, May 19 at 1 p.m. The inter-club team will depend on the results of this tournament which is for club members only. New members will be welcome and may join at that time. Membership fees are:

Junior - \$2.00,
Single Adults - \$5.00
Married Couple - \$7.00
Family - \$10.00

Enquiries regarding membership should be addressed to Jack Harding at 599-7313. The tennis club has the use of the courts on Mondays and Wednesdays from 6 - 9 p.m., and on Sundays from 1 - 6 p.m. STURGEON FASTBALL LEAGUE

A fastball league for men has recently been formed in St. Albert and District. At present the league com-

prises three teams from St. Albert (Knights of Columbus, Calgary Power and St. Albert Texaco), one team from Spruce Grove and one team from Calahoo.

League play will commence on May 22. Anyone interested in joining one of the teams is invited to phone

the president, Al Cairns at 599-7617. SOCCER

The St. Albert Pee-Wee team played their first match of the season on May 13 at Rosslyn and won 2 - 0. The Bantams tied with Avonmore 2 - 2 on May 14 at Kinsmen Park.

DESTRUCTION OF NOXIOUS WEEDS

1. Due to increasing public interest in the problem of noxious weeds in the Town, and due to public demands for the control of noxious weeds, the provisions of the Provincial Noxious Weeds Act, and the Town Weeds By-Law 19/63 will be administered and enforced during 1968.
2. The Noxious Weeds Act stated that the owner, occupant, tenant, lessee or agent of any land, shall be responsible for the destruction of all Noxious Weeds growing thereon.
3. A Weed Inspector will be inspecting lands, and where Noxious Weeds are found, will serve legal notice to the responsible person.
4. Where persons fail to comply with the provisions of the Weed Notice, the Town may enter the land and effect control work. Such persons will be charged for control work.
5. Non-compliance may lead upon summary conviction to either a fine of not more than \$100.00 or thirty days imprisonment.
6. The Parks and Recreation Department will be effecting an extensive weed control program on Town owned property, to the full extent of the budget for this program.
7. All complaints received will be dealt with in a systematic manner, as the inspector works through the various district areas.
8. We sincerely trust that, with the co-operation of all citizens, it will be necessary to serve only a minimum of weed notices this year.

the Gazette REFLECTS

In last week's issue under the heading of the "Gazette Reflects" a paragraph read, "It is only this year that the A.T.A. raised its standard to include some university training. Before this all that was required was a Grade XII education, exactly the same qualifications as that required to obtain a job with the town as a garbage man."

It has been brought to our notice that this is incorrect. The qualifications before starting teaching are, not only Grade XII but also three years university teacher training. Prior to this year, it was Grade XII plus two years university. We regret the inaccuracy of our earlier statement and hope that this sets the record straight.

"School Days"

Dress for PTA Meeting

May 22 is the date, 8 p.m. is the time, Leo Nickerson School gym is the place for a "social evening" presented by the Leo Nickerson P.T.A. "School days" past and present will be the theme of the evening with entertainment and refreshments. Dig down in the trunks and

find something you wore to school or as a contrast dress in our mod style of today.

You are reminded that the Leo Nickerson P.T.A. is the only association of its kind in operation in St. Albert, so let's all show our support at this last meeting of the current school term.

St. Albert Walkers Net \$6,388

Telephone calls received and tabulated by Mrs. Ray Gibbon for the Gazette this week show a total of \$6,388.68 contributed by St. Albert walkers to the "March for Millions" Oxfam fund.

12 individual adults walked 252 miles for a total of . . .	\$ 432.70
219 students and five teachers did 4400 miles for	4,955.98
Our Mayor Fowler walked 25 miles for approximately . .	1,000.00
TOTAL	\$6,388.68

A breakdown of the students walking by schools shows as follows:

Sir Alexander MacKenzie 62 students five staff . . 1579 miles	\$1,554.43
Vital Grandin 50 students . . 1062 miles	866.26
Leo Nickerson 5 students . . 110 miles	148.35
Sir George Simpson Elementary - to date 65 miles . . .	54.65
Sir George Simpson Junior High - 7 students 175 miles . .	215.49
Father Jan 3 students - 55 miles	46.30
St. Albert High 7 students - 175 miles	270.50
Paul Kane 72 students - 1400 miles - (approximately)	1,800.00

This is indeed a remarkable performance by St. Albert and there may well be others who have not been in touch with us yet. Mrs. Gibbon will be happy to accept calls again this week and anyone who walked in the March for Millions and has not reported, is asked to telephone her at 599-7614 anytime this week.

Town of St. Albert

Notice Re: Bylaw No. 9/68

AMENDING THE ZONING BY-LAW

TAKE notice that the Council of the Town of St. Albert has introduced by-law No. 9/68 being a by-law to rezone lots 21 to 27 inclusive in Block 1, Plan 5949 K.S. from "Residential R1A" to Residential R3" (multiple family).

The proposed by-law may be examined at the office of the Secretary-Treasurer, Town Hall, St. Albert during office hours.

A public meeting will be held on Monday, June 10th at 7:30 p.m. in the Council Chambers Town Hall, St. Albert, to hear any person who wishes to make representation concerning the manner in which any provision of the by-law may affect him or owner of land when he represents or the public at large or any local group of residents or property owners.

Objections shall be submitted in writing to the under signed not later than Thursday, June 6th, and these shall be discussed at the meeting before any further oral presentations will be recognized.

Dated at St. Albert this 10th day of May 1968.

J. M. Fleming
Secretary-Treasurer.

FOR HOLIDAY MEALS!

Buy ahead for a fun-filled week end

Here it comes! The last big summer holiday. Days of fun and good eating to enjoy with family and friends! Whatever your plans, visit Safeway for the good things you'll need to make each day one to remember. We have a tempting variety of fine foods for indoor and outdoor dining . . . all at Safeway's low prices, of course. Come and see and save at Safeway!

Budget Cuts

CONTINUED FROM PAGE 1

is 21.4, Edmonton 23.2 and the two Calgary school boards 22.0 and 24.2. At 17.4 St. Albert was one of the lowest in the province, and perhaps the board were trying to provide too many services and courses for the size of the district.

It was also noted by Mr. Penrose, that though the

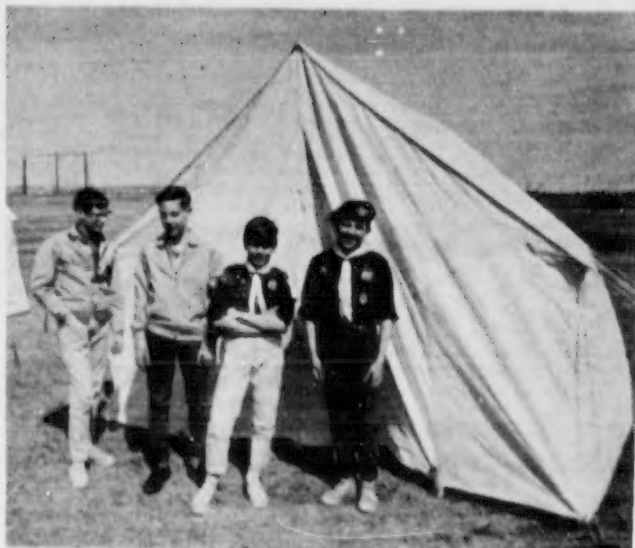

foundation program appeared inadequate the school district was in fact receiving \$700,000. more dollars back via the foundation program than was being contributed by the local tax payer.

The budget was tabled to a later date to allow further study and also a meeting with the St. Albert Public School Board in a further search for possible cuts.

Mr. Hrynew of Paul Kane high school gave an explanation of the proposed semester system to be introduced in the school in Sept. 1968 and the alterations that would be made in numbers of classes for each subject offered. This showed that though there would be some reductions in credits offered, on the overall picture there would be a net increase of total school credits of 120 in the course of a year, with the addition of only three teachers. This increase in credits will allow students a greater choice of options in Grades 10, 11 and 12.

A report was also given on Early Childhood Education meeting held at Simpson Elementary School by approximately fifty primary teachers from St. Albert and surrounding districts. It included a demonstration lesson on the modern approach to teaching reading by Mrs. E. Stauffer. The meeting was attended by speakers from the University of Alberta and the department of education.

About 40 percent of the nearly 1,300 companies with common stock listed on the New York Stock Exchange have joined the big board within the last ten years.

Thanks to the support of the people of St. Albert and district, the 1st St. Albert Scouts will enjoy their ten newly acquired tents camping this summer. Money for these tents was realized from the sale of Christmas trees during the past three years. Shown above from left to right are Richard LeBlanc, Raymond Huberdeau, John Hauptman and Jay Samwald. The boys set up their tents in a trail run behind the church on the hill.

Students Edge Teachers

When the Paul Kane baseball team challenged their teachers to a game they nearly got more than they bargained for in opposition from the old (?) men.

The game progressed fairly evenly in the first half with the boys holding a 4-2 margin going into the 5th inning. A spirited offensive by the teachers saw them load the bases twice in the next innings. However, they failed to capitalize on this golden opportunity and only netted one run against the tightened up defence of the boys.

Paul Kane pitchers gave up one hit as a result of an error, while Mr. Thronson pitched a two-hitter for the staff. Final score was 4-3 for the boys. However, a return challenge game has been scheduled for Tuesday, May 14th at the school diamond after 4. Making up the teacher's team were battery Thronson-Krywanluk; Fairbairn at 1st base, Guay at 2nd, McKinstry at 3rd and Mike Green, short stop. In

the outfield were Schoenrock at centre field, Friesen in left and Bill Chiles in right field. (Mike and Bill were borrowed from the students team).

The Promenade A New Attraction At Frontier Days

MORINVILLE - New ideas are bustin' out all over to make this year's Frontier Daze the liveliest and most fun ever.

A Frontier Costume Promenade with prizes is the latest attraction added to the festivities by the committee in charge. The Promenade will be staged following the parade and will take place at the grounds on Saturday, June 22nd at one o'clock.

Judges will be on the spot to choose the "Best Dressed Family", "Fanciest Sunday Dress Costume" and the "Most Original Frontier Daze Dress". Prizes will be awarded in each of the three categories.

The Promenade will give visitors a chance to show off their Klondike costumes along with district people. It will also give everybody a chance to see all the beautiful costumes at close range while they stroll along and meet their friends on the promenade route.

Morinville and district number a great many women who are handy with a sewing machine and it is expected these ladies will be getting busy to make the Frontier Daze Promenade the most hep of the year:

Sew it, glue it, buy it in a store color, style, we want them galore

Silks, Satins, Cottons or sack
Make even a bustle in the back
Now the men in your life
You must not forget
With vests and ties, they'll be all set
For the Grandest Promenade
That Morinville has seen yet

Have you been thinking who you are going to nominate as Citizen of the Year? Remember the closing date is June 15 and your nomination should be mailed to Mrs. Andy Meunier, in an envelope marked "Citizen of the Year". Judges of nominations will be the presidents of the Lions Club, C.W.L., Christian Ladies, Knights of Columbus and the Board of Trade.

Other events and contests for Frontier Daze will be announced as plans are completed.

Villeneuve News

Two of our local boys, Lionel Durocher and Martin Soetaert, took part in the March for Peace and Development. The C.W.L. Ladies helped to sponsor them. The boys are to be commended for being good sports.

Legal Red Cross Effort Praised

LEGAL - Mrs. Allan Keane your Legal Red Cross Chairman, received a letter from Mr. Henry Cuthbert the assistant director, branch organization Alberta N.W.T. division of the Canadian Red Cross Society. The letter read as such: "Congratulations for another very fine campaign just completed. I am delighted to attach your receipt in the amount of \$363.85. I hope you will express to all of the ladies of your group our grateful thanks for their continuous fine work."

The following ladies volunteered their time and effort for the success of this worthwhile campaign.

Miss Rose Blodreau, Mrs. Roch Brisson, Mrs. Pete Boisvert, Mrs. Andy Casavant, Mrs. John Cornells, Mrs. Lucien Cyr, Mrs. Bob Holzer, Mrs. Mike Krupa, Mrs. Wilfred Larose, Mrs. Omer Maurier, Mrs. George Montpetit, Mrs. Henry Montpetit, Mrs. Roger Ouellette, Mrs. Jos. Pare, Mrs. Norbert Queghebeur, Mrs. Roch Regimbald.

At the C.W.L. meeting on April 30 held at the home of Mrs. Albert Halwa, the ladies made preparations to cater a hot turkey supper at the annual church picnic to be held June 2. They are busy preparing for a bazaar booth as well.

The Morinville Board of Trade made M.L.A. Keith Everitt an Honourary member at their meeting May 8th. Mr. Everitt was also guest speaker for the banquet meeting. Photographed with Mr. Everitt (left) at the head table are Mr. John Wozney, president of the Board of Trade, Mr. Bruce Thom, secretary-treasurer and Mr. Roger Blackburn, vice-president.

New Indian Project

"There is no question" says Larry Gareau, Regional Resource Coordinator, Census Division 12 "that the barriers on Indian Reserves are crumbling."

Practically all administration and services in the past have been in the hands of outsiders. Consequently the Indian on the Reserve has been at the end of a long chain of command over which he has had no control. In practice, any of the programs that have been introduced by outside agencies have been used only by the more industrious Indians, and have little application to those who were not motivated.

With the introduction of an ARDA project to break, clear and crop 15,000 acres of land by 1975, the Indians decided they needed an agricultural course on the Reserve. A course evolved which has enabled the people of Saddle Lake Reserve to know and understand modern farming methods.

The course was presented in the basement of the Sacred Heart Roman Catholic

Church during the period of March 11 to March 26, 1968. All members of the Saddle Lake Band were invited to attend. An Indian chairman was elected for each session.

A tour was arranged of the Alexander Trust Farm on the Alexander Reserve. This successfully operating project provides an example of what Indian farmers can learn and accomplish themselves, given understanding leadership. The project is similar to the new one being started at Saddle Lake and the tour, which included a visit to Craig Manufacturing Plant and the town of Morinville, proved of considerable interest to the visitors.

Farm Machinery and Farm Management - Mr. William Dent, district agriculturist Two Hills talked on the types of machinery available, routine operation and adjustment and maintenance of various machines as they relate specifically to the

Cont'd on Page 3

Chalifoux Meeting Voters

Liberal candidate Paul Chalifoux has been getting around Pembina riding meeting the voters. He has been mainstreeting in Barrhead, accompanied by Avard Oulton and Ed McCallum and knocking on doors in Sherwood Park, helped along by Roy Spacinski and Norm Ashdown.

In Westlock as well as mainstreeting with Joe Renault, Paul accompanied by Al Rousseau, was guest of honor and spoke informally at a coffee party hosted by Mrs. Mary Ann Prince. While in Westlock Mr. Chalifoux also spoke to the staff of St. Mary's school.

Ken Cockburn, Sibley Thorne and Mrs. Olive Parry introduced Paul around in Fort Saskatchewan on a busy day in that centre.

Mr. Chalifoux was also in Redwater last week for a few informal calls.

Princesses Go To Work

Morinville has five of the prettiest and most charming young ambassadors for Frontier Daze that any community could hope to come up with. These young princesses are now beginning a ticket campaign which will not only publicize Frontier Daze in a delightful way over the next six weeks, but will offer financial support as well.

Doreen Vervynck, 15-year old daughter of Mr. and Mrs. Fred Vervynck, is a Grade 10 student at Georges Vanier School. Her ambition is to be a hairdresser and her main hobby is sewing. Mrs. Florence Vranas is Doreen's campaign manager.

Anne Hughes also 15 and attending Georges Vanier, is the daughter of Mr. Justin Hughes and after high school she is planning to study for the teaching profession. Anne is also a house keeper for her father and looks after her brothers and sisters at home. Her campaign manager is Mr. Tom

Houle.

Irene Schayes, daughter of Mr. and Mrs. Ed Schayes district farmer, is a 16-year old student at the Georges Vanier School. When she completes her high school education Irene is planning a banking career. Campaign manager for Irene is her sister Doreen.

Lea Riopel is active in the field of sports and is planning on a somewhat unusual career: she will enter Police Force training in September. The daughter of Mr. and Mrs. Arsene Riopel, Lea is presently employed at Anne's Part-T-Kitchen. She is 21 years old. Mr. Brian Mills is Lea's campaign manager.

Yvonne Remillard, 17-year-old daughter of Mr. and Mrs. Richard Remillard is completing Grade 12 at Georges Vanier and plans a career in nursing. She is employed at the Edmonton Journal and a favorite hobby is baseball.

What could be better than five pretty girls to promote Morinville in their big annual celebration, "Frontier Daze". From left to right the princesses vying for the coveted crown of Frontier Daze Queen are: Miss Doreen

Vervynck, Miss Anne Hughes, Mrs. Irene Schayes Miss Lea Riopel and Miss Yvonne Remillard.

Photo by Jeet Khullar.

MacDonalds Given A Warm Send-off

Mr. and Mrs. Lawrence McDonald who left Morinville to take up residence in Edmonton on May 4th, photographed at the farewell party given in their honour by the appreciative community for many years of devoted service.
Photo by Jeet Khullar.

MORINVILLE - The large crowd of over 175 people who turned out to honor Mr. and Mrs. Lawrence McDonald prior to their departure, gave evidence of the affection and respect which this popular couple have won during their many years in Morinville.

Mrs. McDonald was the former Mary Montpellier and both of them were born and raised in the district and have made their home in Morinville since their marriage. They have three daughters and a son, Lorraine and Coleen are working in Edmonton and Larry is attending NAIT there. Rita is married and living in Peace River, and she was the only one of the family unable to be present for the party.

Both Mac and Mary have been active in a great many areas of community service, and without Mac's tremendous contribution to the arena, it is hard to imagine how it would have been built. Mary was an ardent curler and supporter of the club and

was active in Legion Auxiliary and C.W.L. as well.

Mayor Art Stapleton and Father George Primeau on behalf of the community spoke words of tribute and gratitude to the couple for their many years of public service in many areas. Mr. Lou Calder made a genial and capable emcee for the happy occasion.

Presentations were made by the Royal Canadian Legion and Auxiliary, The C.W.L., Morinville Sports Association and the Men's and Ladies Curling Clubs. Mrs. McDonald received a lovely bouquet from all the ladies present and Mr. Calder presented the couple with a purse together with warm wishes from the entire community.

The McDonalds will be sincerely missed in Morinville and it will be hard to find another couple so active in community projects. Mr. McDonald is a dispatcher for Central Trucking Depot in Edmonton, where he has been employed over the past three years.

Beef Cheese Mini Pie

Here is a nutritious, meat stretching recipe you will enjoy:

2 cups biscuit mix
1/2 cup milk
Imported Holland Baby Gouda cheese (10 oz size) 1
Holland Baby Gouda for every two persons being served.
1/2 lb lean ground beef
1/2 cup chopped onion
1/2 cup chopped celery
1 (7 1/2 oz) can tomato sauce.

Make up biscuit mix as directed on package. Divide into four and roll out each portion to fit into a greased individual casserole (1 1/4 - 2 cup size). Cut cheese (at room temperature) in half crosswise. Scoop cheese out of each half leaving 1/4 inch all round to form a small shell. Place shell in biscuit lining casserole. Brown ground beef; cook with onion, celery and tomato sauce for 10 minutes. Spoon over cheese. Top with cheese you have scooped from shell. Bake in 375 degree oven for 15 - 20 minutes.

Note: The remaining cheese can be grated and used as a sandwich filling or with mayonnaise as a dip.

HOLLAND GOUDA
-BEEF MINI-PIE

Recreation Displays Delight Crowd

MORINVILLE - On Sunday May 5 the Morinville Recreation Hall was the centre of a variety of exhibits as a number of classes took part in an Achievement Day.

The painting class surprised and delighted a great number of people with some 68 paintings on exhibit. Some of the paintings were displayed in priceless antique frames. The individual artists were on hand to explain the techniques used. This art exhibit could successfully compete with those of Edmonton. It's too bad the paintings were not for sale!

The welding class put out a wonderful display of the projects undertaken during the winter. Moving from the centennial emblems, to the tongs, to the stands for welding tanks, and on to the spaghetti tree, one could see the progress the boys had made in their welding under

the guidance of Mr. Gustave Ricard and his assistants. The spaghetti tree certainly provided some interesting comments.

Demonstrations in radio operation such as amplifier techniques and servicing were given by the radio class. They had quite a captivated audience in the teenage group.

International dishes displayed by the cooking class were as follows:

Strudel (German) Mrs. Rose Rustemeier.
Chili Con Carne (Mexican) Mrs. Lorette Blackburn.
Sukiyaki (Japanese) Bernard Meunier and Louise Casavant.
Croissant (French) Mrs. Jeanne Hebert.
Adobo (Filipino) Sister Bilodeau.
Chop Suey (Filipino) Mrs. Cecile Schayes.
Chicken Curry (Hindu) Mrs. Lorette Champagne.
Fishegrateng (Norwegian) Mrs. Jean Hogue.
Holubtsi (Ukrainian) Mrs. Anne Kryskow.
Turkish Delight and Potato Candy, Mrs. Jeanne Chalifoux.

All the above recipes were available to anyone wishing a copy.

The recreation board wishes to express their appreciation to the welding, radio, cooking, and painting classes for a fantastic display on their very first Achievement Day! The future promises bigger and better ones.

Youth Club Plan Holiday

LEGAL - The Legal Youth Club held their monthly meeting Sunday afternoon. Among the many items discussed and agreed upon was that the group would take advantage of the long weekend to enjoy sight seeing and swimming at Calgary and Banff.

The highlight of the meeting was a brief talk by the Fete au Village chairman, Mr. Walter Van de Walle who suggested many ideas and means for the young people to help and promote the Fete au Village.

The club will take charge for the dance that is always held the first evening of the two day celebrations. They promise to have a lively

entertaining teen band.

Remember that new members are always welcome to join the Youth Club.

CWL Project A Big Success

About 150 people attended the strawberry tea held by the Morinville C.W.L. on May 5. Congratulations are in order for Mrs. Christine Vranas, Mrs. Annie Pelletier, Mrs. Margaret Rousseau and all those who assisted in making it successful. Also to be commended are the Girl Guides who

served at the tea for a job well done.

The highlight of the afternoon was a skit put on by Mrs. Florence Vranas entitled "Past, Present and Future". This comical presentation of home life in the stone age, now, and in the distant future, was enjoyed by all present.

MACHINERY SPECIALS

CULTIVATORS

1 - John Deere 12-ft. tool bar cultivator with 2 ft. extensions.
1 - IHC 12-ft. field unit.
1 - 4 x 14 Minneapolis Plow.
1 - 4 x 16 IHC Plow.
1 - Farm-Eeze 130 Manure Spreader.

1 - IHC 12 ft. one way discer
1 - Massey Harris 36 side delivery rake.
12 Used Diamond Harrows.
1 - Model 32, IHC., 7 ft. Mower.

TRACTORS

1 - Massey-Ferguson Super 95 Diesel Tractor.
1 - 88 Oliver Tractor with LPTO

1 - Cockshutt 570 Super fully equipped.
1 - Cockshutt 50 with big K front end loader.

1 - WD 9 International - w/power take off & HYD
1 - John Deere Model D with starter, power take off - hydraulics.

COMBINES

1 - Cockshutt 137 S.P.
1 - IHC Model 125 with pick up.
1 - Cockshutt SP 132 with chopper and pick-up.
1 - Case SP 150 with Innes pick-up.

Registration of Beginners

In order that plans may be made for the fall term it is necessary to know the number of children who will be starting school in September.

If you have a child who will have attained the age of six years by December 31, 1968 please complete the form below:

NAME OF CHILD: _____
(first name) (last name)

NAME OF PARENT: _____
(first name) (last name)

AGE OF CHILD: Day: _____ Month: _____ Year: _____

ADDRESS: _____ Phone _____
(number) (street)

PLEASE RETURN AS SOON AS POSSIBLE TO:

Mr. Paul Brochu, Secretary Treasurer,
Thibault School District No. 35,
Morinville, Alberta.

Miss Prefontaine New School Queen

Rogelle Auger, last year's queen, carefully places the crown on the new Legal students May Queen, Emilie Prefontaine. Harry Keane enjoys the pretty picture they make from the background. Legal Photo.

LEGAL - One of the major events of the year sponsored by the Legal Student's Union Committee was the May Queen contest.

Five candidates were competing for the title. A Grade 12 student, Emilie Prefontaine, Grade 11 Suzie Tieulle, Grade 10 Lorraine Brisson, Grade 9A Jeannette Zilinski and Grade 9B Bernice Mercier.

A popularity vote was taken and Emilie Prefontaine was this year's chosen

Queen. Rogelle Auger last year's Queen had the honor of crowning Miss High School Queen 1967-68. The candidates looked very charming in their lovely white dresses complimented by corsages of pink carnations.

A number of parents also shared the evening of dancing with the music supplied by "The Young Ones". With everyone's cooperation the evening proved to be most enjoyable and successful.

Prevent Farm Fires

DENNIS GLASGOW

"On Safety"

To complete the job of safeguarding your farm from fire, be prepared, so the odds are not stacked against you if a fire does occur. Can you answer yes to all of these questions?

1. Do you understand the

types of fires, their behaviour and methods of suppression?

2. Is home fire-fighting equipment available and kept in a handy place for instant use? (Axe, wrecking bar, rope, ladder, sand, water buckets, or other extinguishers).

3. Are family first aid supplies available and easily accessible.

4. Can water be secured from a supplementary supply (stock tanks, cistern, hand, milk can brigade), in sufficient volume for fire-fighting?

5. Will ladders and ropes safely support a person's weight and reach the top of buildings?

School Hours Memo

LEGAL - On Friday, May 17, there will be no school for pupils of Grades one to nine (1 - IX) inclusive. This is because the teachers of these grades will be attending a Science Institute at Cunningham School, Morinville on that day. The buses will pick up the senior high school students (Grades X - XII) as usual. The high school students will have classes as usual in the morning.

Also on May 17, in the afternoon, the senior high school students will be attending a high school track meet in Morinville. They will be taken there by school

buses at noon. Two or three buses will be needed to transport them.

On May 31, there will a track meet for Grades three to nine (III - IX) inclusive, also at Morinville.

On this day, all students will come to school on the buses as usual in the morning. The buses will then transport the pupils of Grades III - IX to Morinville. The other pupils will attend classes as usual in Legal during the day. The buses will return from Morinville in time to transport all the pupils to their homes as usual in the evening.

Legal Ladies Aid Arena Fund

LEGAL - On the evening of May 6 members of the Christian Ladies gathered at church at 8 p.m. when new members were received. Following the ceremony they went to the recreation centre where the regular meeting was held.

The president welcomed the new members in the organization: Mrs. Roland Tieulle, Mrs. Maurice Chauvet and Mrs. Ernest Letourneau. A copy of the reports and resolutions of the congress was given to every member present at the meeting.

6. Are farm plows, disks, and orchard spray machines kept in readiness for fire fighting?

7. Are members of the household fully instructed on the specific duties they should perform if a fire starts?

8. Is fire resistant construction and safe spacing used where feasible for new buildings.

9. Is there organized fire protection planned for your community?

10. Has definite arrangement been made for assistance from neighbors in lieu of organized community protection?

11. Are telephone numbers of fire department, or other sources of assistance posted near the telephone?

12. Do you discourage the burning of timberland and crop residues in your community and prohibit it on your farm?

"WE BELIEVE IN SAFETY"

The spiritual part of the meeting was followed by committee reports. Mrs. Omar Maurier thanked all the ladies who had contributed so generously for the bake sale. The proceeds of \$183.00 was donated to the arena fund.

It was agreed to contribute to the Green Thumb Club to buy flower plants for the beautification of the park grounds.

Being the month of May it was time again to nominate a new executive. Congratulations are extended to the newly elected. They are Mrs. Jeanne Maurier, Mrs. Aline Rivard, Mrs. Rogelle Boissonneault, Mrs. Jeannette Baert and Mrs. Georgette Prefontaine. The members will now meet and elect a president, vice-president and secretary among themselves.

After singing the Congress theme song and adjournment of the meeting a delicious lunch was enjoyed by all.

Legal Locals

Mr. and Mrs. Bill Stapleton from Drayton Valley were weekend visitors at the home of Mr. and Mrs. Henry Montpetit.

Mrs. Donald Cyr and Mrs. Lea Brisson are home recovering after spending sometime in the hospital.

Mrs. E. Bernard and Mr. Eddy Rivard were taken by ambulance to the hospital last week.

Mr. and Mrs. Patrick Keane from Camrose spent Mother's Day weekend with their relatives.

Several boys from the Holy Redeemer College including one of our local young adults attending the

college Jimmy Montpetit gave a very good presentation of a Hootenany Mass Sunday morning. Mr. and Mrs. Montpetit received the boys and delighted them with a delicious dinner.

A surprise birthday party was held Saturday evening for Mr. Leo Maurier at his home.

With the forthcoming long weekend many people will travel to the lake to open their summer cottages and hoping for an ideal warm season.

School children will have a holiday on May 20 (Victoria Day) and also on Farmers' Day June 14.

Villeneuve Girl Weds City Man

VILLENEUVE - Absent-fall spring wedding took place when Judy Majean, a local bride was wed to Kenneth Trillner from Edmonton on April 20th. The bride is the daughter of Mr. and Mrs. Paul Majean, and Kenneth is the son of Mr. and Mrs. George Gardiner of Whitecourt, Alberta. Rev. Father Chabot officiated. The ceremony took place in the church of St. Peter's R.C. church in Edmonton, which was decorated with flowers and bunting. The bride wore a white gown with a full skirt and a long train. She carried a bouquet of white flowers. The groom wore a dark suit and a white shirt with a red tie. The wedding was attended by many guests, including family and friends. The reception was held at the same church. The bride and groom were surrounded by their families and friends. The wedding was a beautiful celebration of love and commitment.

The bride and groom were surrounded by their families and friends. The wedding was a beautiful celebration of love and commitment. The bride wore a white gown with a full skirt and a long train. The reception was held at the same church. The bride and groom were surrounded by their families and friends. The wedding was a beautiful celebration of love and commitment.

The groom was attended to by his brothers Harold and Bryan Gardiner and Gary Majean, while guests were

ushered by Paul Majean and Donald Borker.

During the ceremony two solos were rendered by Mrs. Mel Dorle and Ray Kremer, accompanied by Mrs. John Martel at the organ.

The parents of both bride and groom received their guests at the Kensington community hall, Edmonton, where a buffet supper was served. Many more guests gathered in the evening to help with the supper. Mrs. Majean was the hostess and Mrs. Gardiner was the co-hostess. The wedding was a beautiful celebration of love and commitment. The bride wore a white gown with a full skirt and a long train. She carried a bouquet of white flowers. The groom wore a dark suit and a white shirt with a red tie. The wedding was attended by many guests, including family and friends. The reception was held at the same church. The bride and groom were surrounded by their families and friends. Among the out of town guests from Manitoba, Sask. and Alberta, were four classmates of Kenneth from the Ontario Veterinary College at Guelph.

Other guests came from Whitecourt and Wetaskiwin.

Vimy Column

Mr. and Mrs. Maurice St. Arnaud and family spent the weekend at Mr. and Mrs. Albert St. Arnaud's home.

Mrs. F. Seguin and Mrs. A. Dussault have returned from a trip to Vancouver where they visited their sister Mrs. D. L'Abbe.

Congratulations are extended to Marcel St. Arnaud and Leo Seguin who have graduated from O'Leary High School in Edmonton. They have been attending St. Anthony's College.

The Parent's Day organized by the teachers and students of the Vimy School was very well attended. The gymnasium was beautifully decorated for the occasion and the "Wall of Joy" built by grades 4, 5 and 6 was on display. The afternoon program was most entertaining with skits, songs, dances, recitations and a lantern drill. A delicious lunch was served to terminate the event. All parents attending appreciated the efforts of the teachers and students who made this event such a success.

Villeneuve Achievement Day

VILLENEUVE - "First they were too young - now they graduate". This was the theme of the achievement day program held by the 18 members of the Villeneuve 4-H Clothing Club in the Villeneuve Parish Hall, April 17.

Mrs. Hemming and an assistant from the department were the judges. They judged the girls' work for sewing and fit. The program consisted of a demonstration, a public speech by Dianne Sheehan, an accordion solo by Elaine Soetaert, a review of the year's work and a dress review. For the past two years the girls have shown their work by using individual displays.

The awards were as follows:

1st demonstration, Patsy Lema and Diane Majeau,
2nd demonstration, Cecile Merrier and Louise Belanger,
1st display, Connie Savola,
2nd display, Cheryln Borle

Public Speaking:

1. Dianne Sheehan
2. Mary Borle

A page designed to inform farm readers on current agricultural news and events and to serve as a forum for expression of farmers' opinions.

Thousands of Trees Being Planted in Sturgeon

Early May to June 1st is the best tree planting period when the soil is moist and drying out of trees after planting less excessive.

Sturgeon Municipal District has completed distribution of trees ordered by farmers to the number of some 60,000 trees to be planted on 150 farms. Towns within the area have also received free trees for parks and ornamental planting.

The main points planting with success are to have summer fallow or be prepared to water trees weekly for 8 to 10 weeks after planting on less well prepared land. Small trees and hedge material such as seedling or spruce, caragana, maples, ash and elm can be planted at the back of a shovel. This will insure the seedling roots being well buried 6 to 8 inches deep and well packed by pressing the soil down firmly with the foot as the row is planted. Cuttings with one year growth such as poplars and willows can also be planted at the back of a shovel making sure that the cutting part is well down into the soil. Cuttings of these trees are recommended planted down full length with one bud left above the ground. These cuttings are usually planted 8 to 12 inches apart and allowed to make one year growth before being planted

into a shelter belt. Such cuttings are 8 inches long and can be set into a hole made by a pointed broom handle on which has been nailed a step-on 8 inches from the point: the step-on sets the depth of hole made and cuttings are firmed in the holes by firmly pressing the hole closed.

For trees of 2 to 6 feet tall with large ball of earth a hole has to be dug allowing the tree to be placed 3 or 4 inches deeper in the ground than when dug out. The more earth retained on the larger trees, the better the chances of success. Tamping soil in around the ball of earth with a stick will ensure exclusion of air and tighten the tree in its new location. A hollow should be left around the base to hold water. Water copiously when planted and once weekly or as it appears necessary.

Spacing of trees is important. While small 6 to 8 feet apart within the row may look a long way apart for a young tree, it does induce fast growth and less dying out due to overcrowding. The distance between rows in the shelter belt should be such as to facilitate power cultivation for some 4 to 5 years which requires planting the rows 8 to 10 feet apart. After trees attain a growth covering the ground between the

rows, weeds and grass will not affect their normal growth.

The ideal shelter belt consists of caragana outside with a row of poplar and then a row of mixed trees such as elm, ash, maple, willow each row 10 feet apart. A row of spruce 20 feet away from the deciduous trees, each tree 15 to 20 feet apart in the row is recommended to complete a very effective windbreak and give ornamentation with color in winter.

Spruce and birch are native trees which can often be dug from bush areas and planted with success to ornament farm and city homes. These can be dug out 3 to 6 feet in height as suggested, either in spring or late

fall and made to survive with deep planting, adequate packing and ample watering. Other native ornamental trees are choke cherry, saskatoons, dogwood, high bush cranberry and native honeysuckle.

GENERAL HINTS

1. Do not plant spruce or pine in the same row with broad leaf trees.

2. Plant low hedge type trees on the outside of the windbreak.

3. Avoid planting trees such as will eventually obstruct a desirable view.

4. Trees should not be planted in rows closer than 100 feet from buildings.

5. A good adequate sized farmstead well sheltered by trees will be about 5 acres in area.

6. Fence livestock out of trees.

Well sheltered homes and feedlots saves on fuel and feed requirements.

Growing of trees add to life enjoyment making for a natural human environment.

A Fair Return on Farm Investments

Profits seldom just "happen" in farming; they must be produced. Records can tell what is going on in the business. Without careful analysis and interpretation, records can be almost useless.

The future develops out of the past and so is never the same as the past. Today's commercial farmer uses records to gain cost control and build volume in enterprises. He finds out what volume is needed in each enterprise to pay all costs of production. Profits seldom happen and they are produced consistently by good managers on all soil types and in all parts of Alberta.

Farm business association members use records, systematic analysis and outlook reports to make best use of their land, machinery

and livestock investment funds and so their energies and investments are not wasted.

Does the training and experience gained through active membership in Alberta Farm Business Associations pay off?

Number of farmers 1st year 73; 6th year 83.

Capital investment 1st year \$55,219; 6th year 121,970.

Operating revenue 11,608 1st year; 6th year 24,830.

Operating expenses 1st year 7,789; 6th year 14,943

Net farm income 1st year 3,819; 6th year 9,887.

The table indicates this management group have increased their net income by over \$6,000 per farm on the average. They have more than doubled their operating revenue and not quite doubled their operating expenses. Herein is a lesson, volume must be built up if larger profits are to be realized. More will be spent, more will be taken in and more will be left over as profit for management and investment.

Observe that in the first year less than twenty-five percent of members netted 5% on their investment plus fair wages. In the sixth year note there were only about twenty-five percent of the members not making a fair wage and a five percent return of their capital investment at current market values.

Complete details on farm business associations can be obtained from district agriculturists and regional farm economists.

Brillion Seeder

Farmers throughout the municipality who have obtained grass seed for 1968 planting, should consider using a Brillion Seeder for this purpose. The Brillion Seeder is a specially built machine for the purpose of seeding grass seed. All grass seeds should be planted not more than one and one half inches below the soil surface. If planted any deeper than this, a large percentage will never grow. When grass seed is broadcast and harrowed in, there is a portion of the seed that is left on top of the ground which will not grow. To ensure a good germination of your grass seed I would recommend using a brillion grass seeder.

SECRETARY-TREASURER	A. NOBERT.

Homemaker's Column

Problems With Pounds

- Marilyn Hamsing, DHE.

It's time to get out our summer clothes again. Were you planning to wear one of your summer dresses, but discovered it fits a little tighter than it did when you put it away last fall?

Years ago, being overweight was considered a sign of success and prosperity. Plumpness was thought to enhance a woman's charm. Not so today.

The overweight person is not necessarily well nourished. Excess "cargo" puts undue strain on our bodies, and statistics prove that grossly overweight people are more susceptible to certain diseases, less resistant to infection, and have more accidents than slim people.

Then there is the mirror to face, and last year's dresses to squeeze into.

Controlling your diet sensibly is the first step!

1. Know your best weight. The weight depends on the individual's bone structure, muscular development and height.

2. Analyse your eating habits. Write down everything you eat for a week. Then check the calories of the foods. Do you eat more when you're bored, depressed or upset? Do you nibble between meals, crave sweets, eat midnight snacks?

3. Educate your appetite - Learn what foods are low in calories and high in nutritive value. We need proteins from milk, cheese, meat, fish, poultry, vitamins and minerals from cereals, vegetables and fruits, calcium from milk and other dairy products.

High calorie foods are fats of all kinds (fat meat, butter, margarine, cream, oils) and sugary, starchy foods (candy, pastry, sweetened beverages).

Don't believe the advertisements about food being low in calories and high in food energy because calories are food energy.

4. Eat a variety of foods. Learn to like more foods, and it will be easier to substitute low calorie ones. "Diet" doesn't mean lettuce, skim milk, and starvation. Eating smaller portions and avoiding fried foods, and rich sauces can make a big difference!

5. Set a goal. Tackle it slowly! You may decide to lose half the weight over two or three months and the remainder gradually over a longer period. Remember, you didn't gain the weight in a week or month, so don't expect to lose it that fast!

6. Be more active. Exercise is a real asset to a weight loss program. If the only exercise you have been getting is pushing a pen, or mixing a cake, don't hurl yourself into a whirl of sports and exercises. The amount of activity depends on your age, physical condition and what you are accustomed to doing. Even walking can be a boon! Rediscover your legs, instead of going places on wheels!

7. Avoid reducing drugs, unless prescribed by your doctor. There are no safe shortcuts for healthfully taking off weight. Eat less - eat fewer high-calorie foods - expend more energy.

Use of Tordon

Tordon, the trade name of an agricultural chemical known as picloram, has now had its use as a spot treatment for controlling deep-rooted perennial weeds extended to permanent grass pastures and range land.

W. Lobay, head of the weed control branch of the Alberta Plant Industry Division, says that although Tordon is significantly less toxic to people and animals than 2,4D, it is extremely toxic to many plant species. Kentucky Bluegrass, creeping red Fescue and several other grasses are resistant to even higher rates of Tordon, hence removal of pers-

istent weeds from pastures will leave grasses unharmed.

Rates from 1/2 to 1 pound per acre may be required for thistles and 2 pound per acre for more persistent weeds such as toadflax, leafy spurge etc., the use of this chemical on agricultural land, other than permanent pastures and range land, would pose a problem to subsequent crops.

The two pound rate would cost in the vicinity of \$55.00 per acre, but considerably less than sterilants such as sodium chlorate or 2-4D borate compounds.

Wild Oat Clinic

There will be a wild oat clinic held on May 25, 1968 10:00 a.m. at the farm of Leon Riopel located three miles north of Morinville on Highway No. 2.

A representative of Gulf Oil Corporation, manufacturers of carbyne, will demonstrate sprayer calibration and the proper use of carbyne.

There will be a nozzle tester given free to all farmers who attend. All farmers attending should bring their sprayer pressure gauge with them and have it tested for accuracy.

I would urge all farmers who anticipate using carbyne for wild oat control to attend this field day.

Phone - 256-3351.

Treated Seed Can Cause Trouble

If seed grain has been treated with fungicides or insecticides for planting, great care must be taken to ensure that none of it finds its way into feed or other grains. When treating the seed in the mill, make sure that all treated seed that is not planted is destroyed.

Terminal elevators are rejecting increasing numbers of carloads of grain because some has been treated with fungicides or insecticides or both. Farmers are warned not to mix treated seeds with feed grain.

Feeding treated grain has led to contaminated eggs and milk and in some cases en-

tire poultry flocks have been destroyed because of mercury poisoning.

Canada's export markets suffer also, because importing countries are very restrictive about pesticide contamination, Stuart McDonald

If you transported treated seed in your truck or stored it in the grain bin, sweep them out thoroughly. Many carloads of grain have been rejected this year because of contamination.

a toxicologist for the Canada Department of Agriculture at Lethbridge, says it must be the grower's responsibility to ensure that Canadian grain is not contaminated. Treated grains

should be handled as carefully as the chemicals used to treat it, he states. Five precautions are recommended:

The five precautions he recommends are:

1. Thoroughly clean the grain box of trucks used to transport treated seed so that untreated grain won't be contaminated.
2. Store treated grain

separate from untreated grain. These storage areas should be thoroughly cleaned after the treated grain is removed.

3. Treat only the grain to be used for seeding. Small leftover quantities, if not sown, should be burnt.

4. Don't feed treated grain even if it has been mixed with untreated seed.

5. Treated seed should be clearly marked and kept in locked storage out of the reach of livestock and children.

When you buy early, your whole family benefits!

During April, May and June, your purchase of a new New Holland baler or forage harvester will earn a valuable premium through the Early Buyers' Bonus program. For example, a self-propelled unit brings you a table-model color TV; a pull-type model earns you a black and white portable TV. Or, you can choose one of several other exciting bonuses. Offer is good only during April, May and June. And only applies to new New Holland balers and forage harvesters. Stop in soon for complete details.

Vimy Sports Banquet Draws Large Crowd

The Vimy Sports Association held their 7th annual banquet and dance in the community hall on May 11. Over 250 people, players included, enjoyed a hearty meal tastefully prepared by the ladies of the community. Rev. F. Desjardins, pastor of the parish said grace and thanked all those who had made the past winter season so enjoyable. President of the Association Mr. Allred Fortier extended wishes for continued success of the sports endeavors. This was followed by a few words from the coach and manager of the senior team, Mr. Roger Laplante and Mr. U. Landry respectively. The latter had a special vote of thanks to Mrs. Pat Fagan who has been the communicating link for our city boys. Mr. Wilfred Provencal, coach of the Midgets, Mr. Albert Blanchette manager of the Pee-wees' and Mr. Lucien Fagnan coach of the Mites, expressed their pleasure at having coached through the past season. Mr. George St. Arnaud expressed his views

fan wise and Leo Fortier, assistant captain spoke on behalf of the players.

Presentation of the trophies followed. Leo Provencal receiving the trophy for high scorer of the team and also the Sturgeon River Valley Hockey League. Peter Provencal was awarded top scoring trophy for the Midget team. The high scoring trophies for Bantam and Pee-wee teams were won by Donald and Paul Deschamplain respectively. Last but not least in the winners of high scoring trophies went to Pat and Fred Bernard of the Mite team.

Following the banquet and trophy presentations, the Tri-Tones entertained at a dance which terminated the year's activities. Everyone enjoyed themselves and hope to have the occasion of celebrating more of these victories in the years to come.

The Vimy Sports Association wish to thank all those who have made this year 67-68 activities entertaining and promising for our hockey players of tomorrow.

Labatt's Pilsener beer The great beer Westerners call 'Blue'

Your kind of country! It's here, where the Big Rock towers from the prairie near Okotoks. Your kind of beer! It's Labatt's Pilsener, the beer brewed to modern tastes right here in Alberta. Smooth and mellow. With that special extra flavour. For beer at its best, it's Labatt's 'Blue'.
